

My Easter Bunny

Singing and reciting nursery rhymes boosts children's language and literacy skills.

- Practise the actions first before you try to combine them with the words.
- Younger children will find it difficult to co-ordinate the words with the actions.

My bunny has two big ears
(Put your hands up by your ears)

And a funny little nose
(Touch your nose)

He likes to nibble carrots
(Pretend to nibble carrots)

And he hops wherever he goes.
(Hop around – hip hop hippety hop)
